*Double Bracket options – Groundworks, Lustrous, Montecito (metal)

- Double Bracket options are **not** available for the wood collections.

** Should the client prefer to have finials instead of endcaps on the second rod; be mindful of the size of the finial diameter, they may interfere with each other (not the ideal 'design' recommendation).

*** # of rings may vary depending with each custom workroom calculation standards.

ACRYLIC ROD SINGLE DRAPERY TREATMENT

Length of Acrylic Rod	# of Rods	Brackets	Rings (pleated header) 2.5x fullness *	Finials	Splice
4ft (48")	1	3	14 (1 pair or 1 panel)	1 pair	Not Required
6ft (72")	1	3	22 (1 pair or 1 panel)	1 pair	Not Required
8ft (96")	1	4	28 (1 pair or 1 panel)	1 pair	Not Required
10ft (120")	2 x 6ft	5	36 (1 pair or 1 panel)	1 pair	1 splice

22ft (264")	3 x 8ft	7-8	76 (1 pair or 1 panel)	1 pair	2 splices

- Acrylic Rod available in our Lustrous Collection (1", 1.5", 1.375").
- **Additional brackets** are noted above as acrylic may bow over time; if drapery treatment is heavy (i.e. velvet) an additional bracket will be needed for the 4ft drapery rod.
- * # of Rings may vary depending with each custom workroom calculation standards.
